

CAREERS

Are you the talent we are looking for?

Sumitomo SHI FW is a world leader in combustion and steam generation technology. Our goal to provide sustainable energy solutions for all types of power applications relies on the most talented people with the deepest know-how and experience in the industry.

Summer Jobs

Sumitomo SHI FW Energia Oy offers you a great opportunity to work in a constantly changing international energy technology industry. Working in our company offers you a great basis for building your professional expertise and career further. We have 1-4 months long summer job opportunities for energetic and motivated students from all technical and business fields to work with us in different positions. Most of the summer jobs are located in Varkaus, Finland. Summer job duties and responsibilities vary depending on the department. Your own interest, skills and studies will define more specifically the assigned tasks.

Applications

The application period for summer jobs 2019 is until March 15th. All applications should be sent by email to sfw.FI-recruitment@shi-g.com. Please, add your CV and a transcript of records in addition to your cover letter.
